

SOMERVILLE FIRE DEPARTMENT

BAR-B-QUE GRILLS

To be within the requirement of the law and to have a safe cookout, follow these simple steps:

- Set up the grill at ground level and a least ten (10) feet away from the house or any other structure.
- Follow directions for proper lighting of the grill.
- Use proper utensils to protect yourself from the heat.
- Watch children closely when they are around the grill.
- Douse the briquettes with water when you are through cooking. Briquettes not doused with water will remain hot enough to start a fire or cause burns for several **days**.

If an emergency occurs, dial 911 immediately. Do not wait until the situation is out of control.
